EXTRA STRONG
#255

SIMFLEX XS #255

Wall: 1.75"
Foot: 2.75" wide
Thickness: 0.31" wide
Convenient 8' sections

The excellent alternative for those not wanting to cut. Like its name – a simple and flexible paver edging.

- Installs easily
- Requires no cutting for curves; suitable for both straight and radius installations
- Ideal for driveways, walkways and patios
- Thick profile manufactured from recycled PVC

Edging can also be used in reverse mode.
