RETAINING WALL AND STAIR LIGHTS

LED EZE

The easiest way to buy wall lights is by shopping for one of our many lighting kits. They come with everything you need like transformers, timers, wires and more. All our kits can be expanded to add more lights. You can add additional lights up to the wattage supported by the transformer or power supply. If you need to add more lights you can upgrade the transformer to a higher wattage. All our lights must be used with a Transformer.

ALL KITS

Voltage: 12V AC/DC
Beam Degree: 120°
Housing: Stainless Steel
Dimensions: 6-7/8" x 3-3/4" x 1/2"
Pigtail Length: 54"

Wattage: 2W
Color Temp: Warm White - 2700K
Lumen Output: 180 Lumens
Number of LEDs: 6 SMD

- Outdoor Lighting
- Plug and Play Wiring - ends can be clipped off to use with a HARDWIRE system
- Excellent for hardscape applications
- Ideal for adding light to any outdoor application
- Low power consumption - 2W

- High Brightness SMD chip technology
- cETLus Listed
- With waterproof connector/plug - IP67
- Dimmable (when used with a dimmable transformer)
- LED light strip is detachable and replaceable

• **Available Trim Colors: Black and Grey**

120° Rotation of Swivel Light

Direct your light output where you need it to focus.

These lights are also available with a swivel light strip

WOOD'S PHOTOCELL TIMER -

EZPT1

24-hour outdoor lighting timer by Wood's, used to automate landscape, security and holiday lighting. Turns on at dusk for 2, 4, 6 or 8 hours, or until dawn.

- 125Vac 60Hz • Tungsten: 8A/1,000W • General Purpose: 10A/1,250W
- Resistive: 10A/1,250W • Electronic Ballast: 500 VA • Ballast: 120Vac 60Hz 8.3A
- Cable length: 15cm

EZ 36 WATT 12V LED POWER SUPPLY

Indoor or outdoor use • waterproof (IP66) and impervious to the elements • our “workhorse” - suitable for most project’s power needs • 3 year warranty when used with Dekor products • designed to be used with DEKOR’s remote dimmer or remote switch, or both • 2.5 amp • UL, CSUL, CE, RoHS, ETL.

EZMAX 60 WATT 12V LED POWER SUPPLY

Indoor or outdoor use • waterproof (IP66) and impervious to the elements • offers more power for larger projects or substantial wire runs • 3 year warranty when used with Dekor products • designed to be used with DEKOR’s remote dimmer or remote switch • 5 amp • UL, CSUL, CE, RoHS, ETL.

EZMAXC 100 WATT 12V LED TRANSFORMER

contractor-grade waterproof LED transformer, LED power driver • for indoor or outdoor hard wire applications • simple installation • designed to be used with DEKOR’s remote dimer or remote switch, or both • 8.3 amp • 3 year warranty when used with Dekor products • CE, RoHS

EZDIMMER WATERPROOF LED DIMMER & REMOTE

waterproof housing and input/output connectors for outdoor use • adjust light intensity from base unit or using remote • full control of light intensity • 70 foot range with remote control • teachable base unit in case of remote loss • higher input current can be used with any DEKOR transformer • on/off switch at base + at remote • UL, CSUL, CE, RoHS • 1 year warranty

ALL TRANSFORMERS FEATURE PLUG & PLAY CONNECTIONS

EZ ENCLOSURE

housing for transformers, timers, etc.
• keep electrical components dry and clean up your installation • designed for outdoor use • watertight design

CUSTOM FORSTNER BIT

This bit is custom ground to the specific diameter of .900/23mm to allow a snug fit for our balusters, end caps, recessed lights, DEK dots and petite directional lights.

OUTDOOR GEL-FILLED WIRE NUTS

UL approved • packaged in quantities of 10

DEKOR WARRANTY POLICY

Using a Dekor LED transformer allows us to provide you with our industry leading warranty on our LED lights. DEKOR lights are designed to be used with DEKOR LED transformers and when another transformer is used in its place, this voids the LED warranty in its entirety.

OUTDOOR LIGHTING PRODUCTS

THE 'BIG MAX' LED RETAINING WALL LIGHT

The only curved LED retaining wall light on the market capable of projecting a high output 120 degree swath of light at an unparalleled energy efficient performance of 1.9 watts per unit. This means you use fewer fixtures and consume less power.

As with all our outdoor lighting, these units are completely waterproof and housed in sturdily built robust die cast aluminum fixtures that are corrosion-resistant and come with a 30-year powder-coating warranty. The LEDs are protected by an extremely strong polycarbonate UV stable lens guaranteed not to yellow with time or environment. The light has a 6' all-weather electrical pigtail which allows for easy installation and wire termination.

Achieve entirely different looks by pointing the light downwards for walkways or shrubbery, or straight into the air for lighting the side of a house.

Die Cast Aluminum • Polycarbonate Lens
• 1.9 watts @ 12 volt DC. • **Light output:** 250 lumens
Pigtail length: 6' • **Radiance angle light disbursement:** 120°
Light Dimensions: Width: 6.7" Height: 1.9" Depth: 1.0"

OUTDOOR LIGHTING PRODUCTS

RECESSED LED PAVER / DEK DOTS

"LIGHT THE NIGHT" - Introducing PAVER DOTS & DEK DOTS, the smallest, brightest and easiest LED paver light to install you will ever come across.

Waterproof and totally submersible, PAVER DOTS are suitable for ponds, docks, stairs, steps, driveways, walkways, and more. Use in fountains, around hot tubs and water features or as marine lights.

PAVER DOTS & DEK DOTS differ from other LED recessed lights in that they have transparent polycarbonate covers that are nearly indestructible. They install totally flush with the surface, making them virtually unseen – and "unfelt" underfoot.

PAVER DOT SPECS

Housing diameter: 1"
Housing height: 5/8"
Mounting hole diameter: 1"
Draws: 1.2 watts
Housing material:
Polycarbonate
Length of wire pigtail: 5'

**1" Masonry drill bit required for
installation of paver dots in stone**

DEK DOT SPECS

Housing diameter: 0.91"
Housing height: 5/8"
Mounting hole diameter: 0.9"
Draws: 1.2 watts
Housing material:
Polycarbonate
Length of wire pigtail: 6'

24 watt (indoor) transformer powers up to 18 dots
36 watt transformer powers up to 28 dots
60 watt transformer powers up to 48 dots

**AVAILABLE IN 8 PACK KITS OR 4
PACK (LIGHTS ONLY)**

FEATURES OF OUR INNOVATIVE LED LIGHT TECHNOLOGY

- 10 Year Warranty • 100,000 hour rated LEDs
- (34 years of 8 hours a day, year round use)
- Warm white LEDs with the ambience of incandescent lighting -- 3200 Kelvin
- Green, energy efficient • Dimmable, expandable
- Waterproof, weatherproof and salt air resistant

LIMITED WARRANTY

All **LEDeze** products come with a warranty. Our warranty applies against all defects in workmanship, assembly and materials used in the products. We'll repair or replace, at our sole discretion, any product that fails to operate due to a defect within the following time frames: 3 years for lights and 2 years for transformers.

The warranty does not cover:

- Items which have become damaged due to mishandling, improper installation or use, or resulting from extreme acts of nature.
- Product finish which has faded, rusted, or pitted due to environmental factors.
- Service, installation, or other third party fees incurred due to the defect.
